## **Dare to fly!**

March 18, 2020

Dear EWA families,

I hope this letter finds you well. I want to thank you for your patience during this unique time. Our EWA staff has been working diligently this last week to prepare distance learning materials and packets to support our students. I cannot say enough about the effort and time they are putting in to provide your students with materials to ensure that their educational and social emotional needs are met. Teachers and rocks have reached out to our families and are asking parents to sign up for the Remind app in order to receive timely and critical communication. Please make sure you have signed up for your child's class. Lesson plans and instructions are being updated on our website and should all be in place by this Friday, and work packets will be put together and mailed out Friday as well. The work packets will also contain lessons and instructions for each day. Beginning as soon as possible, we strongly encourage parents and students to utilize the free educational websites listed in links on our EWA website, as well as those listed in the work packets that you will be receiving, and once work packets are received, we also encourage students to work on the papers in their packet that are familiar to them, to review previously learned concepts, so that they are not losing ground during our official spring break week. Beginning March 30, staff will be available and checking on parents and students regularly to support you and offer instructional assistance and lesson and educational and social emotional support. Important updates during the mandatory shutdown period will occur via email and through communication (the reminder app) from your child's teacher or classroom rock. Updates will also be posted on the EWA website. Please reach out with any questions or concerns. Staff will be available by email, and can return phone calls as requested via email, during the shutdown. However, please note that in order to comply with state mandates, the main office telephone will not be manned during this time. Any requests made in emails for return phone calls will be followed up. Thank you for your continued support. Stay safe and healthy!

Sincerely,

Amanda Griffith

Director, Eagle Wings Academy
